

PAYMENT ACCURACY

Get Payments Right, Avoid the Fight.

Tension, fighting, and finger-pointing between payers and providers has become the norm, but it doesn't have to be this way. By collaborating to make reimbursement more accurate, we can avoid conflict and focus on what really matters - healing.

THE OLD WAY

THE TREND WAY

WE'RE SETTING A NEW TREND

It's better in the middle.

When the correct payment is made on the front-end, healthcare payers and providers reduce the resources spent on back-end conflict. In other words, everyone wins when we work together.

- ✓ Providers Receive Accurate & Timely Reimbursements
- ✓ Payers Reduce Overpayments
- ✓ Everyone Saves Time & Money

Move Beyond Data Mining

WITH COLLABORATIVE CLAIMS INTELLIGENCE

TREND's Payment Accuracy solution leverages AI technology and data analytics to efficiently identify, recover, and prevent overpayments while also offering expert analysis to identify potential overpayments, root causes, and mitigation opportunities.

- ✓ Works claims most likely to yield a refund
- ✓ No thresholds for low dollar or high complexity
- ✓ Uncover new content; underserved areas
- ✓ Identify and deliver automation opportunities
- ✓ Move left to pre-pay, insource
- ✓ Reduce vendor spend / BPO costs
